

The range of plates for the Chorus domestic series is created in a wide variety of shapes, colours materials and finishes. It includes six different versions (ONE, GEO, LUX, ICE and ICE Touch) for rectangular boxes with a capacity of up to 12 modules and three different versions (ONE International, GEO International e LUX International) suitable for round/square boxes, either single or in combination in horizontal or vertical configurations, with a capacity from 2 up to 2+2+2+2 modules. All the Chorus domestic series plates use the same supports, without the need for additional adaptors. The range also includes blank plates, IP55 watertight plates and plates for profiles.
