SUNSTREET 150W 6500K 1300lm IP54 PRIME

STREETLITE are road luminaires that are perfect for lighting streets, housing estate roads, squares, parking lots, properties, terraces, courtyards and utility facilities. Thanks to their parameters, they ensure reliability, durability and excellent lighting conditions.

The small and light design facilitates the installation and placement of the luminaire. An adjustable mounting element that can be rotated 180 degrees makes it possible to illuminate any place from the selected position. In addition, the luminaires can be mounted not only on a mast (of 48-60 mm diameter), but also directly to the wall of a building.

This makes them an extremely flexible solution that can be adapted to different structures and architecture of the environment.

One of the important structural elements of STREETLITE is the placement of the power cord entirely in its housing. This solution protects the cable from damage that may result from changing the angle of the light source. In addition, after mounting the lamp, the mounting holes are located in the lower part, which effectively minimizes the risk of damage due to weather conditions.

Beam angle

LED type

Ambient temperature suitable for operation

LED quantity

Parametr	Wartość
Colour of the light	White
Luminous flux	1300 lm
IP protection rating	IP54
Warranty (years)	5
Dimmable function	PWM
Photo cell power	12 W
Photo cell voltage	5 V
Photo cell current	2,4 A
Battery cell type	LiFePo4
Battery capacity	7430 mAh
Colour rendering index Ra	70
Colour	Grey
Beam angle	90 °

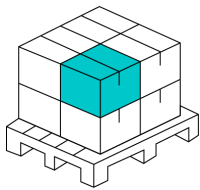

Parametr	Wartość
Material (cover)	polycarbonate
LED type	SMD LED 5050
LED quantity	84
Ambient temperature suitable for operation	-40~50°C °C
Installation method	Lighting pole / wall
IEC protection class	III
Full box quantity	5 pc
Length	511 mm
Width	231 mm
Form of the product (EPREL)	Glass Out
Power	• 150 W
Correlated colour temperature	• 6500 K

Opakowanie jednostkowe

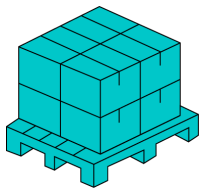

Width	91
Height	540 mm
Length	420 mm
Weight	

Opakowanie zbiorcze

Number of pieces/tape in meters pack zb	5
Width	480 mm
Height of collective packaging	440
Length	565 mm
Weight	16 kg
