

# Multi-Purpose Strippers

## Duo-Crimp No. 300

The WEICON Multifunctional Tools offer numerous possibilities for stripping a wide variety of cable types. The product family of cable strippers includes different types featuring different additional functions and thus meeting the individual application requirements of their users.

With the WEICON Duo-Crimp No. 300 can be used to strip conductors and crimp wire end ferrules. With the automatic scanning system no adjustment to the cable cross-section is necessary. The stripper has an optical length scale of 8 - 20mm and is suitable for all common stranded and solid conductors from 0.5mm<sup>2</sup> - 6.0mm<sup>2</sup>. The Duo-Crimp No. 300 insulates conductors to a length of 5 mm, preventing the individual conductors from splicing. Two crimping ranges are offered: 0.5 – 2.5 mm<sup>2</sup> and 4.0 – 6.0 mm<sup>2</sup>. A well-accessible side cutter is integrated in the tool, which is suitable for cable cross-sections up to 6 mm<sup>2</sup> (solid conductors up to 4 mm<sup>2</sup>).

### Technical Data

Cable type	finely stranded and solid conductors with PVC insulations, round and wet room cables
Additional use	Terminal crimping 0.5 - 2.5mm <sup>2</sup> and 4.0 - 6.0mm <sup>2</sup>
Material	fibreglass-reinforced polyamide
Inner blade	replaceable
Accessories	Spare blade, art. no. 51953020
Approval / certificate	Safety tested by TÜV NORD
Weight	115 g
Length	160 mm
Article number	MA51000300
Application area	0.5 - 6.0 mm <sup>2</sup> (20 - 10 AWG)
Approvals / Guidelines	
ISSA Code	75.629.08
IMPA Code	611755

Attention:  
Tool not to be used on live cables or conductors.
