

RF**Pressure spring**

for permanently elastic contact

Characteristics

- Corrosion-resistant
- Fatigue-proof
- Guarantees consistent radial contact stress

Application/Suitability

- For cast resin, heat shrinkable and slip-on cable accessories
- Enables solder-free electrical connection of metal cable components (screen, armouring, metal sheath) and earthing elements (copper grounding wire, cooper mesh joint etc.)

Note

- Pressure springs are no current-carrying parts.

Material

- Special stainless steel

**Colours**

Brass

Scope of delivery

Pressure spring
